Description

The Sentry 831HIR-VP-VF is a 1/3" high resolution Sony™ CCD. It's an excellent quality camera for indoor or outdoor (IP 66 rated) use in changing light conditions where a vari-focal, auto-iris lens is needed, and is particularly suited for use in very low or no light conditions. In addition, this camera is suitable for use in high risk areas since it's built from cast aluminum and polycarbonate to withstand a blow from a 10lb hammer or 12 gauge shotgun blast. The 1/3" Sony™ high resolution CCD provides high quality 550 TV line images with exceptional performance down to zero light conditions (0 Lux with built-in IR LEDs, 60' range). 3.7mm-12mm VF AI lens included, wall mount bracket optional.
