

Sentry SE Series (Embedded DVRs)

Easy-to-use, high quality, **low cost**, 4-16 Channels

Features

- 4/8/16 channel embedded digital video recorders
- Embedded software/OS (no software on hard drive), for maximum reliability
- Simple, plug & play installation
- Easy to operate using push button, IR remote (optional) or mouse
- VGA monitors supported
- MJPEG recording compression for best quality
- MPEG4 remote transmission for best quality and speed
- Manages storage and recycles space automatically
- Remote access by LAN/Internet
- Easy-to-use back-up to USB thumb drive

Description

The Sentry SE DVRs are full-featured entry level DVRs supporting 4, 8 or 16 camera inputs designed with stability, quality and simplicity in mind, at very attractive prices.

They provide ease-of-use and excellent video quality with real-time display and a recording speed of up to 120fps. Dual stream video compression of MJPEG for local recording and MPEG4 for video transmission is provided for optimum quality, speed and reliability. Operation can be by push button, IR remote controller (optional) or mouse, providing a comfortable "feel" for users with or without PC experience. In addition, these DVRs can be accessed remotely over Internet or LAN and support dynamic IP addresses. Recording schedules and motion-detection-based recording is supported. Various models of PTZ cameras can be controlled, both locally and remotely and both VGA and composite monitors are supported locally.
